  - o Jim Waterman has training tonight.
  - o Kirk Burrows from Unity Ambulance came to discuss the problems that they are having with follow through. They have hired 3 EMT's this week and they have had some policy changes. Their goal is 24 hour coverage. They have posted positions for 2 new asst. Chiefs.
    - Tim Turner spoke and said that calls have gone out with no responses. He is concerned with this. These concerns were not present when we were using Delta. Fire Department members are frustrated. Unity responded that there are 34 people on their roster and he is concerned as well. Unity's mutual aid is with Liberty. Tim Turner stated that it is the time frame that is frustrating and concerning. Ryan Willette asked if with these changes it would help with the response time. Kirk stated that they are working with the dispatch regarding their page time. Ryan Willette asked if dispatch has a policy regarding how many times they page. It can be 3-4 minutes between pages, Kirk will ask them to make sure it is 2 minutes. Ryan Willette asked that if they have 24/7 coverage will there always be a person on duty and that that person would be the person responding to the call. Kirk confirmed that this was accurate. Ron Price asked if we are willing to keep on with this arrangement and if there will be immediate changes. Ryan Willette asked when it was going to occur. Kirk stated that April first is when their new policies will be in place.

- Kim Holmes stated they need time to get their practices working but if in 30 days we have the same issues we might need to have other arrangements.

- 7. Citizen's Issues and Questions
  - Elaine Higgins: trees are being cut across the road from her and there is no harvest permit to her knowledge. It is Norman Kirby's property. It appears that if you own the land you do not need a permit. If you sell the wood you have to have a permit, only if it goes to the mill, based on another citizen's report.
  - No permit on High Street and Jackie is looking into it.
  - Ronny Littlefield asked about the work that has been done on Deer Hill. He stated that the plow got stuck in the culvert this year.
    - Steve Bennett stated that the ditching of the Deer Hill Road is considered road maintenance and not major road maintenance.
    - Ron Price asked that people use polite language, as the discussion became contentious.
  - Laura Greeley: asked that when the taxes are committed, is the decision made in a Select Board meeting or in a workshop. Ron Price stated that it is discussed in a workshop then is voted on during a select board meeting. The only way she sees the 2% happening is if the 100,000 be applied to the taxes.
    - Ron Price stated that there are no guarantees and that he suspects that the school budget will probably be more than 1%.
  - Ron Price stated that he called MMA and asked about the Ukrainian flag being up on the building. With respect to being completely non-committable the only flag that will be posted on the building will be the

American Flag. Steve Bennette asked for clarification and Ron Price stated that what he said was accurate.
