

# Citizens Survey

LS Power Grid Maine, LLC, has published a proposed alternative route for a potential 345 kv, single circuit transmission line that would run from southern Aroostook County to Coopers Mill, Maine. One of the proposed routes dips into the northwest and southwest corners of Freedom, and otherwise runs along the Albion side of the Freedom/Albion border. Please check one of the following regarding your view of the project and add any additional comments in the space provided. The results of this survey and your anonymous feedback will be shared with the Freedom Select Board, Planning Board, and LS Power. This survey is non-binding and conducted purely for informational purposes.

Please return this survey to the Town Office by either dropping it in the Town Office Dropbox; putting a stamp on the front of this mailer and mailing it back to the Town Office; or drop it off at the Town Office during office hours.
