

CDAC minutes 3.5.25

Lex, Samantha, Lissa

Approved 2.5.25 minutes

Reviewed status of prospective bidders/ landscape architect to develop a concept plan for the Cannery Lot.

[Richardson and Associates](#) - Samantha reached out, but they said it was too far for them. They recommended. Regina Leonard.

[Context by Design](#) - Sean had reached out originally, no further word, Lex will reach out and send RFP

Lissa reached out to [Viewshed](#), spoke to Judy Colby-George, Principal and sent her the RFP. She is interested and has a lot of experience. Asked about budget. Lissa said we have \$10k but can raise additional \$ if needed, over time for implementation. Judy said she can work with that and include a menu of other steps that can be taken at this stage and costs. We also assumed there would not be a lot of public input related to the design which would ideally build on the work already done and public input gathered.

Samantha will reach out to [Regina Leonard](#), referred by Richardson and Associates
