Lost Kitchen: Need to submit a new proposal for change of use. Submit to Jackie and she will tell us when it is completed.

Steve Bennett: Discussed Community Development Advisory Committee < 7 members, Purpose to look for uses for the Skidgell property. One goal is to have comprehensive survey done. We are encouraged to have a town charter to open up grants and low interest loans. His suggestion was for this committee do the town charter. It was felt this committee should not be the one to make the charter. It was felt that a new committee should be assembled to construct the town charter. First we must get the town to authorize the charter be made.

Dangerous Building Statute.

Can be evoked by the selectmen.

We need to have it voted on to get the funds to do it.

Elaine: SW Waldo County Broad Band Coalition: Needs to expand the committee to ratchet up the work on getting it more grants etc.
