

Town of Freedom

Town Office
(207)-382-6177

This letter must accompany any request for an application for any of the following permit applications and must be provided to the applicant by the Town Clerk.

1. **Driveway Permit:** A Driveway Permit must be approved by the Public Works Director any time that a new access driveway is being contemplated. The contact number for the Public Works Director is 207-382-3042.
2. **Building Permit and/or a Plumbing Permit:** Whenever a new building and/or a new septic system is being installed, a Building Permit and/or a Plumbing Permit must be filed with the town before any work can begin. To obtain either of these permits, call the Town Office at the number above, or the Town Code Enforcement Officer/Plumbing Inspector at 207-852-1840.

If either of these projects involve a new driveway being installed, a Driveway Permit must be filled out first and approved by the Public Works Director before any construction or other work can begin.

3. **Tree Harvesting Permit:** A Driveway Permit must be approved by the Public Works Director before any tree removal may commence. Call the Town Garage at 207-382-3042.

Select Board of the Town of Freedom
