

Town of Freedom

Mileage Reimbursement Policy

It is the policy of the Select Board of the Town of Freedom to reimburse town employees for vehicle mileage incurred by the employee when operating his/her own personal vehicle, and when running errands or doing business for the town beyond the town limits. The amount of reimbursement during the course of the year shall not exceed the budget, as approved at the annual town meeting. The rate for reimbursement is determined annually by the State of Maine. Each employee must turn in a mileage slip to the Town Treasurer in order to receive reimbursement.
