

Dear Freedom Resident,

Now that spring is here, it's time to get rid of all that junk that won't fit in your weekly trash bag.

Like last year, we're planning a gradual curbside cleanup. We anticipate it will save the Town money and make your spring cleanup easier. Here's how it works:

On Monday, May 16th, begin putting your brown and white goods roadside. Make sure to place metal items to one side so they can be recycled. They will probably be picked up at a different time than the other material. We will pick up each week day as needed until the final day, Thursday, May 26th. This will prevent us from being swamped with items on the final day and save us costs on labor and trucking. Of course you'll need to continue to put a sticker on your normal household trash bags which will be picked up as usual on Thursday. Daily pick ups will begin at 7:00 AM.

Please Remember – Due to state regulations regarding items that qualify as hazardous waste, the town will not be able to transport these items to the recycling center. We are not licensed to transport hazardous waste.

The following will NOT be picked-up by the town.

1. 1) - Televisions, computers, monitors, and other electronics
- Fluorescent lamps, mercury vapor tubes, and CFL lamps
- Batteries
- Mercury thermostats and thermometers
- Microwaves

1. 2) – All refrigerant containing items – Air conditioners, refrigerators, freezers, etc. All of these items can be delivered to the recycling center by the individual owner and they will be accepted with no charge. All refrigerant containing items that have been tampered with or the refrigerant removed prior to delivery to the recycling center will not be accepted.

Check the list we've enclosed with this letter to be sure of what we can take and what we can't. There's a \$2.50 charge for tires and tires must be off the rim.

25# Propane tanks will be picked up with metal but valves need to be removed. Valued tanks will not be picked-up.

So, begin putting your brown and white goods roadside Monday, May 16th, and make sure they're all out by Thursday, May 26th. **Unity Area Recycling Center, UARRC (568-3117)**

If you have any questions, please call the Town Office.
